

BE SEDUCED BY **DESIGN**

From exquisite interiors to trend-setting lifestyles. From dramatic transformations to beautiful masterpieces. From sublime elegance to awe inspiring combinations. Rocell has made a stunning impact in the world of interiors by uplifting functionality through design and artistry. For 20 years Rocell has been evoking creativity and originality by continuously transcending the ordinary.

Today, an icon of contemporary design, Rocell's success is built upon the brand's foundations which are design, innovation, quality and integrity.

Amongst its vast range of bathware products are the designer collections, the star attractions at Rocell. These masterpieces which are inspired by the renaissance and modern design excellence, are created in collaboration with globally celebrated Italian designers, who lend their expertise to Rocell.

Encompassing a meticulous balance of artistry, beauty and superior functionality, Rocell's bathware products have placed the brand at the forefront of the local and international industries, as the name that can transform ordinary interiors into spaces of artistic elegance.

LET ELEGANCE AND BEAUTY BE A TIMELESS CHOICE

Every Rocell bathware product that leaves our factory is a work of innovative genius encapsulating a combination of aesthetic design and superior functionality. Manufactured to international standards using modern technology, the most skilled minds in the business and the creative insights of world-renowned Italian designers, Rocell bathware products go through a meticulous process that includes international testing procedures, to ensure a lifetime of precise functionality.

THE PROCESS TO PERFECTION

Our production involves a complex and in-depth process, where every stage is carefully monitored to ensure that the end-product is nothing short of perfect.

Since our inception, we have strived for improvement by introducing modern methods and global standards. Along with the very latest, cutting edge technology and world-renowned Italian designers, we have been able to create one of the best and most iconic bathware brands in South East Asia.

The Rocell Bathware manufacturing facility in Homagama, is at the top of its class in terms of genre, capacity and vision. On par with the most sophisticated sanitary-ware production plants in the world and amongst the best in Asia, this sprawling facility has the capacity to produce approximately 400,000 units of cultured, Virtuous China and Fire Clay sanitary ware annually.

Rocell conforms to British Standard-BS 3402:1969 and European CE certification, a key guarantee of consumer safety, health and environmental ideals. Rocell water closets are environment friendly as they save water in their function, conforming with the WELS rating and the Watermark Certification.

TECHNOLOGY THAT MORE THAN MEETS THE EYE

Unlike conventional bathware, Rocell Water Closets feature soft close seat covers for longer durability, and flushing mechanisms that function ultra-efficient while saving water.

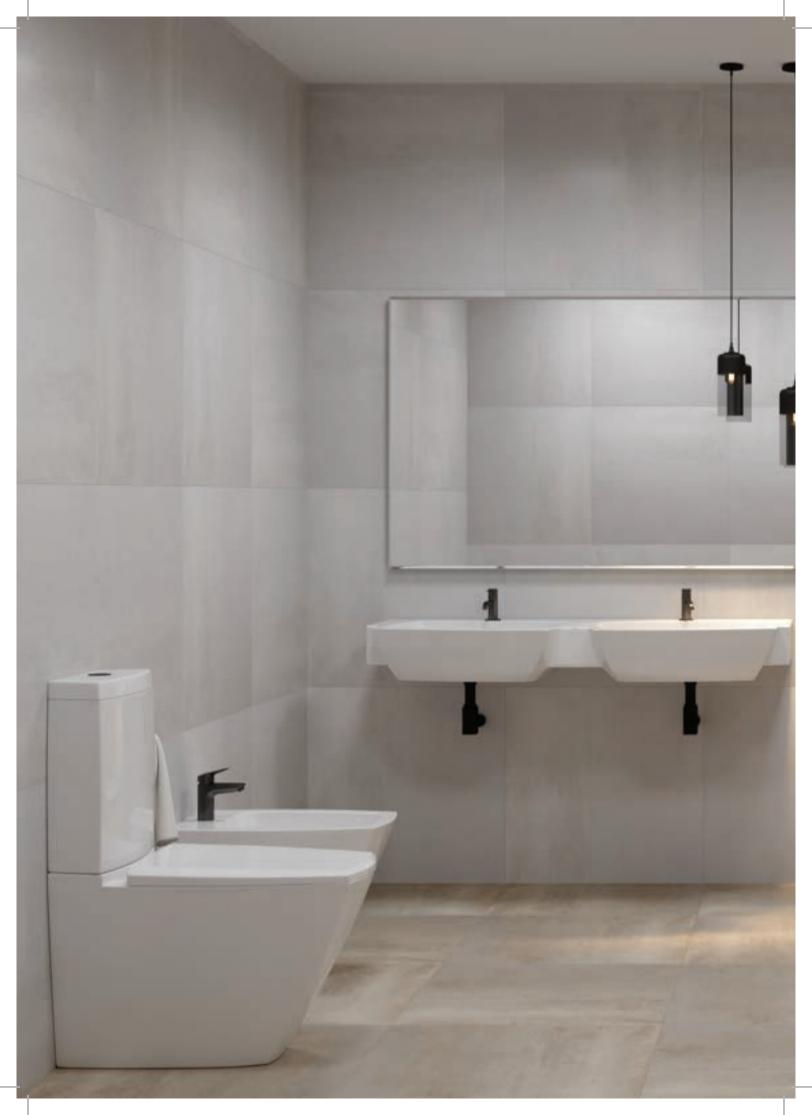

EXCELLENCE **ASSURED**

At Rocell, the highest levels of excellence are maintained at every stage of the process. All products are manufactured to comply with the base standards of BS 3402:1969, AS 3500: 2015.

Rocell bathware has obtained the WaterMark Certification for its 'water saving' feature in the flushing mechanism of its water closets while Rocell's overall production process is endorsed under the ISO 9001: 2015 quality management system and adheres to ISO 14001: 2015 environmental standards for its continuous Green Initiatives.

Ensuring the best in terms of design and functionality through continuous testing and stringent quality control, has not only offered customers value beyond the money they spend, but has resulted in the brand being recognized with many an award for its standards of excellence.

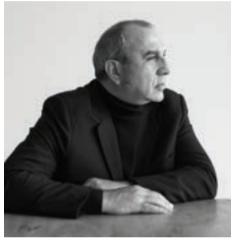

AZZA
by Carlo Urbinati

GIULY by Simone Cagnazzo

A SPLASH OF ITALIAN GENIUS

The exclusive, designer bathware collections at Rocell are an embodiment of aesthetic perfection and distinctive beauty. Designed and created by three maestros of Italian design expertise, SLIDE by Stefano Giovannoni, AZZA by Carlo Urbinati and GIULY by Simone Cagnazzo are all uniquely attractive on the outside while being ingeniously engineered on the inside. Each piece of the three collections is an individual work of art, reflecting timeless elegance that's truly world class.

CARLO URBINATI

Carlo Urbinati is considered a genius of Italian artistry. He derives inspiration from both the grandeur of the renaissance as well as contemporary art forms. His exquisite creations are revered as masterpieces in the world of design.

STEFANO GIOVANNONI

A Professor of Industrial Design at the Domus Academy in Milan,
Università del Progetto in Reggio Emilia and the Università di
Architettura in Genoa, Stefano Giovannoni is an award-winning designer
with artistic and technological experience. His work can be found in
major museums around the world.

SIMONE CAGNAZZO

Simone Cagnazzo gained international acclaim for his work with exclusive brands such as Porsche Design, Brunner, Jado, Siemens and Swarovski. He studied at the Art Institute and later, Design & Communication at the Universita Del Progetto in Reggio, Emilia, in Italy.

AZZA

by Carlo Urbinati

A strikingly beautiful collection featuring a blend of asymmetrical design and refined curves, the AZZA Collection by Carlo Urbinati, is a beautiful reflection of artistic elegance & precise craftmanship.

SLIDE by Stefano Giovannoni

A sinuously stylish collection by Stefano Giovannoni, SLIDE embodies the hallmarks of this designer's creativity and style. Featuring soft contours and gentle silhouettes, SLIDE promises to bring aesthetic charm to any bathroom.

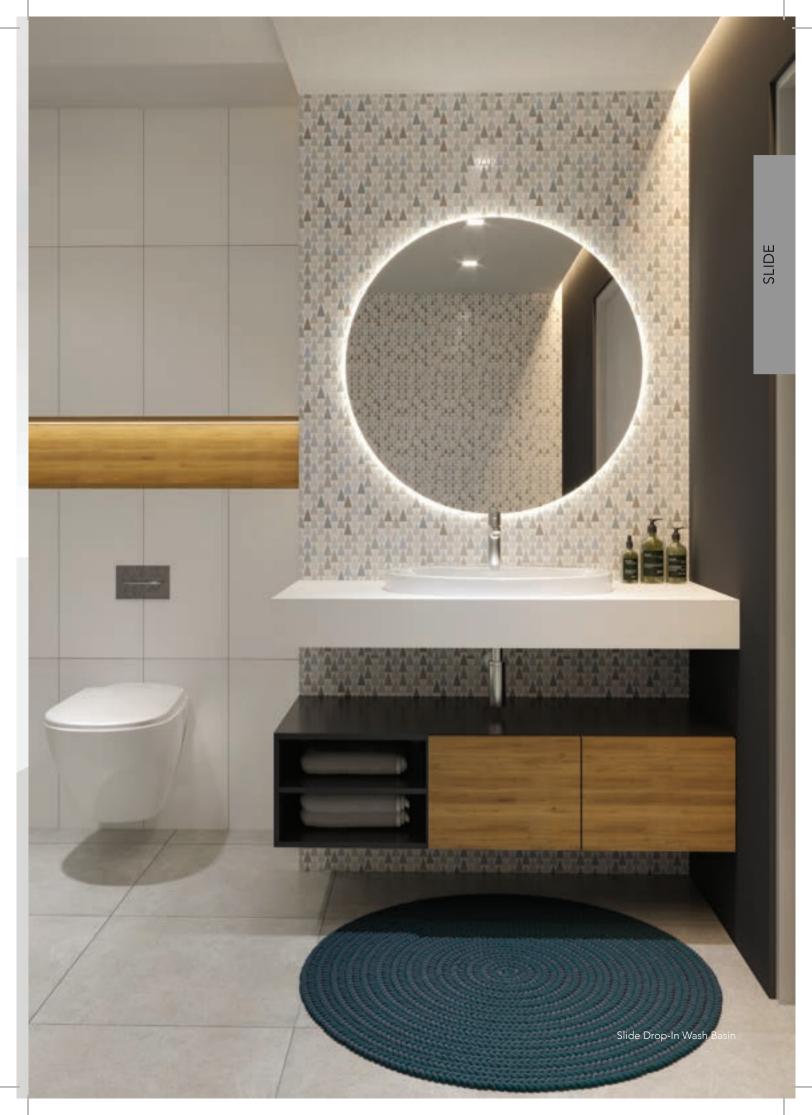

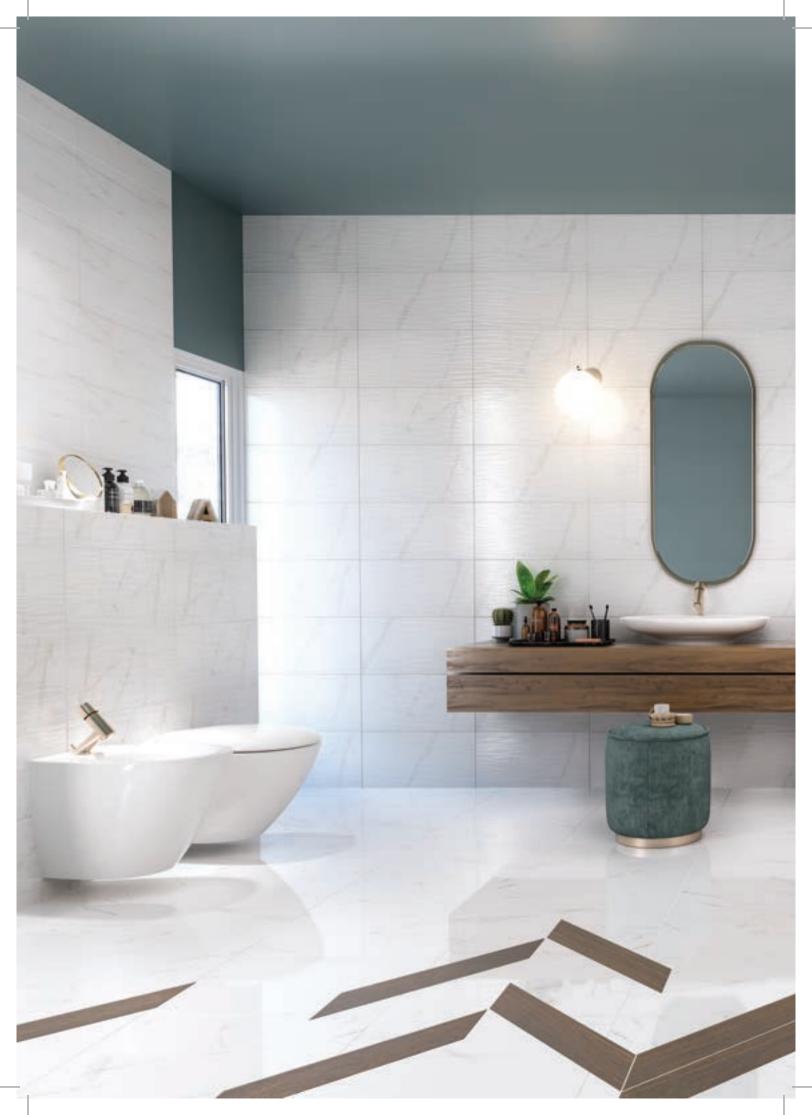

GIULY
by Simone Cagnazzo

A breathtaking collection of bathware featuring sublime curves and graceful sophistication, GIULY by Simone Cagnazzo projects understated elegance and timeless beauty.
